

Granada Avenue Water Main Extension

Project Update

6/18/20

Project recap 6/15 to 6/19

- Jacking and boring operations across 70th Street on Granada Avenue were completed.
- Finished water main installation on Granada Ave. down to the Granada Ave. and Granada Bay intersection. Connected the water main at the east side of the intersection with the existing main line.
- Finished water main installation along Granada Alcove.
- Continued drilling services into homes.

Proposed Work Schedule for 6/22 to 6/26

- The contractor plans to install water main through the bored casing pipe across 70th Street on Granada Ave. and connect it to the existing main line on the north side of the intersection. Water main will also be installed along Granada Avenue between 70th Street and 71st Street.
- Water main installation will begin along Granada Circle and Granada Bay.
- Water Service Drillers will continue drilling water service piping into homes that we have contacted and have scheduled. We will keep reaching out to home owners as the project moves along to schedule a day for service drilling work. This is only for residents who have signed water service agreements with the City.
